

The American Dairy Goat Association would like to issue a formal apology for the errors that occurred for both the 2023 and 2024 National Shows. We have recently conducted an internal audit, which resulted in a change in the calculated awards. The PPM will be provided with additional resources to ensure accuracy in calculating the 2025 awards. Our sincerest apologies to those exhibitors who may have been impacted. Below are the corrected results.

Congratulations!
